

# BLACK-FIRE\*

Powder-Free Nitrile Exam Gloves

## THE GLOVE THAT PULLS DOUBLE DUTY

As a first responder, you do more than one job. Now your glove can, too. The new BLACK-FIRE\* Nitrile Exam Glove protects you when working with patients, when you need to direct traffic — it can even alert you when there's a dangerous rip or tear.

### Reversible

The BLACK-FIRE\* glove has both a black side and a high-visibility orange side you can use when directing traffic or working in low-visibility situations.

### Breach Detection

Proprietary QUICK CHECK\* technology lets you quickly spot breaches in protection caused by cuts and tears.

First responders have to be prepared for any situation. Innovative BLACK-FIRE\* gloves from Halyard work right along with you, providing dual-purpose protection you need in a glove.

NEW!

# BLACK-FIRE\*

## Powder-Free Nitrile Exam Gloves

### BLACK-FIRE\* NITRILE EXAM GLOVES ARE DESIGNED FOR SUPERIOR PROTECTION AND SAFETY.

- Patented nitrile formulation increases comfort and strength
- Natural rubber latex free

#### Two Gloves In One

BLACK-FIRE\* dual-purpose gloves can be reversed and worn with the bright orange side out in situations that call for high-visibility.

#### QUICK CHECK\* technology

BLACK-FIRE\* gloves with proprietary QUICK CHECK\* technology offer the unique ability to detect rips and tears by showing the high-visibility orange inner layer through the breach.

**Caution:** These exam gloves do not protect against heat or fire. Do not use in applications involving exposure to fire, flames or other sources of heat.
